

Rely HW70

&tradition

Product Type Office Chair

Minimalist and modern, the new Rely chair has been designed for outdoor use. While the new HW70 has the same pared-back appearance and ergonomic design as the original, Welling incorporated a series of functional details to strengthen it against the elements. UV protection ensures that its plastic frame won't bleach in sunlight, while a small hole in the seat allows water to escape during rain showers.

Dimensions

H 32.8" x W 18.8" x D 21.6"

H 82cm x W 47cm x D 55cm

Weight

6.90kg
