Product Type Sculpture

An ethereal and floating sculpture that transforms matter into a design tool. A warm and suffused glow that divides the space, but at the same time unites it. Available in two sizes, Studiopepe's luminous screen is made of cocoon resin fiber – a plastic material capable of creating soft and enveloping shapes, almost like clouds, ephemeral but extremely consistent – manually sprayed on a metal structure.

Dimensions
W 182cm x D 45cm x H 163 cm
