

Island by Established & Sons

Established & Sons

Product Type Seating

A versatile, space-optimizing bench system with multiple configurations, giving in-between areas a collaborative, functional use. Inviting passersby to sit, perch or lounge, its understated design creates a central focal point for high-traffic communal environments and helps to define movement and natural flow through a room.

ISLAND takes advantage of a non-productive area by maximizing the surrounding layout and transforming it into a practical space. Without impeding line of sight, the freestanding, unobtrusive bench helps to define movement and natural flow through a room while staying sympathetic to its environment.

Made up of long modular units allowing infinite sizes and a variety of depths, supported by a steel frame and panels of CLT (Cross-Laminated Timber) and optional upholstered seating. Material is high-quality and sustainable. A simple portfolio of configurations, colours, textiles and add-ons can be mixed and matched to create endless possibilities. External or internal partitions can act as back rests and various sized tables and integrated charging modules provide points of engagement. Additional accessories include multiple sized tables and cushions. Easy to dismantle and rebuild when cleaning, the units are hygienic and ideal for busy areas. With single or double depth options and continuing units, it's easily scalable and expandable as communities grow.
