

Memory Lane Chair

Tacchini

Product Type

Christophe Pillet designs a chair that is timeless, universal and radically simplified in its design. Memory Lane's elegance lies in its outright rejection of any hint of complexity. The slender metal structure and sophisticated top-stitched upholstery, with elastic webbing visible on the back of the seat, make it a true declaration of simplicity. A chair designed for the contract market, where beauty and comfort stylishly coexist. Stackable up to 4 pieces.
