

Trapolino Low Table 102

Tacchini

Product Type Low Table

An important wooden base, an almost suspended marble top and a central leg that runs along its entire length, supporting it. Three elements, a meeting of proportions and balances that can be reconfigured in a multitude of cantilevered tables with an asymmetrical design, in which one can see the shapes of a trampoline or the appearance of the famous Fallingwater house by Frank Lloyd Wright. The tables are available in two sizes and color variants, both with an open-pore solid ash base in order to reveal the grain and intensity of this noble material. Available in a less wide [60 cm format](#) with a lower height.

Dimensions:

W 40,15" x D 40,15" x H 13,38"

W 102cm x D 102cm x H 34 cm

Weight

kg 100
