

Dobra Sofa - Module L

Wentz

Product Type Sofa Modular system

Dobra ("Fold" in Portuguese) was created from a natural gesture: the folding of a soft material. In each piece, a strength that respects the foam's density is applied. It's as if a big cushion was curved and paused in time. The original WE-KNIT — made from recycled PET bottles — combines a tactile experience, with high resistance and sustainability. This is one of the possible modules to build your Dobra Sofa, but it could also be used individually as a lounge chair.

Dimensions:
110x110x70cm / 43¼" x 43¼" x 27½" Seat height: 40cm / 15½"

Further customization and WE-KNIT upholstery available:
