

Torii Love Console

Tacchini

Product Type Console Table

In the console designed by Studioepepe, the torii, the traditional Japanese portals, are re-discovered through new functions and meanings. In a succession of distant visions and emotions, essential elements combine in an imposing physicality given by a very thick top – which acts as an architrave with two legs that recall supporting columns.

Dimensions:

W 150 D 45 H 80 cm
