

Bloom Floor Light

Resident

Product Type Floor Lamp

The Bloom Floor Light's super-elliptical form is inspired by the gentle dynamic flow of paper lanterns. Its glorious lit effect is the result of transparency and light. Two contrasting materials – a finely perforated mesh core and frosted blown glass, combine to project a soft focus texture onto the inside of the shade.

Combined with the contrast of a matt black floor stand, Blooms distinctive character is evident both in its on and off state, creating a versatile, value for money floor light.
