

Legato Double Strings

Ceiling **Product Type**

Legato, a musical reference indicating a smooth and unbroken connection of notes, is a modular system of lights that follows this same principle. Legato is available in both vertical and horizontal configurations. The vertical double strings offer flexible possibilities – from a side-by-side doul pendant to a soaring solumn of modules. The tandem up-facing and down-facing cones provide both soft reflected light from the ceiling and direct

illumination.

Note: The standard Legato Double Strings includes 20 cones. To order a fixture with additional or fewer cones, contact us at sales@mattermatters.com
