

Palette Console

Faye Toogood

Product Type Console Table

The Palette console is formed from intersecting, curving shapes. The organic contour of the console's top is inspired by the shape of an artist's paint palette.

The blonde, sustainably sourced British sycamore is hand stained with sapphire green pigment. Heritage colours painted in pond-like pools across the wooden surfaces.

This product is meticulously handmade by master artisans one piece at a time. It is therefore quite difficult, if not impossible, to make identical items. Any natural blemishes or irregularities should not be misconstrued as flaws. These are what make each handmade piece unique.
