

Palette Side Table

Faye Toogood

Product Type Side Table

The Palette side table is formed from intersecting, curving shapes. The organic contour of the table's top is inspired by the shape of an artist's paint palette.

Made in sustainably sourced British Oak and sealed with wax for a finishing sheen.

The finish uses a natural chemical reaction to darken the tone of the wood. This age-old process was traditionally used to protect timber furniture. The natural darkening process reacts according to the grain and sap content of the oak and may result in variation of tone across different pieces.

This product is meticulously handmade by master artisans one piece at a time. It is therefore quite difficult, if not impossible, to make identical items. Any natural blemishes or irregularities should not be misconstrued as flaws. These are what make each handmade piece unique.

Dimensions

W 20.4" x D 20" x H 19"

W52 x D51 x H49 cm
