

Model 2042/9

Astep

Product Type Ceiling

With Le Sfere Plafone, Model 2042/9 from 1963, another of Gino Sarfatti's beautiful interpretations of the luminous sphere is reintroduced. The refined ceiling light is composed of nine blown opaline glass spheres supported by a painted steel mount and structure with a Black or Champagne finish. Each sphere measures 20 cm in diameter and is gently held in place by the painted steel ring in a refined embrace that lends the luminaire a graphic expression and brings forth Le Sfere's distinctive aesthetic.

Dimensions

□ 65 x 50 cm

□ 25.5 x 19.6"
