

LT8 Lamp

Astep

Product Type

Floor Lamp

LT8 was conceived in 1954 for Borsani's new bourn company Tecno, that would come to revolutionize the world of contract furniture, and presented at the X Triennale in Milan. In 1957 the design of LT8 was deposited by Tecno S.p.A. as an ornamental and utility model to the Patent Office. In Astep's reedition the fluorescent tubes have been updated with an embedded dimmable LED module. The design is as flexible as it is beautiful. You can direct the light source in any angle and orient it to where you want against the wall. The lamp comes in two heights 2300-2900mm and 2900-3500mm to fit a wide range of spaces, public and private. Alone it stands as a sculpture, in pairs it becomes a landscape of light.

Dimensions:

W 50,39" x D 46,85" x H 90,55-114,17"

W 128cm x D 119cm x H 230-290cm

Weight

10-13.30kg

Cable length

3500mm

Mains Voltage

110-220V AC

Control

Rotary Dimmer

Light Source

Integrated LED 2700K

Energy Efficiency

124 lm/W, Class F

UPON ORDERING THIS DESIGN
