

Fita Lounge Chair

Wentz

Product Type Lounge Chair

The Fita series takes its design inspiration from the casualness of improvisation. The structure is limited to foams of different densities that have been covered with a seamless fabric and tied with a ribbon that unites this synthesis of laid-back comfort. Available in two fabric options developed by WENTZ that have wool as the main raw material. The fabrics represent a new textile path for the brand by using natural and sustainable fibers and traditional weaving techniques.
