

Osom Table

Neo/Craft

Product Type Tables

Made in Berlin atelier of Sebastian Scherer, the base consists of three foot elements arranged at equal angles, which give the table its sculptural appearance. This design idea from 2012 formed the beginning of the glass table series by Sebastian Scherer. A special detail are the CNC-ground double mitres in the middle and the jointless bonding of the foot elements. The glass tables are available in seven colors, each in clear glass and satin glass.

Made in Berlin.
