

Pillow Sofa

BD Barcelona

Product Type Sofa Modular system

The Pillow sofa is a modular system designed by Muller Van Severen made of playful cushions in a variety of colors, allowing for multiple arrangement options. The construction looks simple, but the genius is in the independent cushions that are hooked together with integral bands to create stable seating structures, supported by an easy-to-assemble tubular steel frame.

The durable, fully upholstered cushions are now offered in an expanded upholstery range. Three fabric types: leather, velvet, and canvas in a wide range of colors. These colors can be mixed and matched to create a fusion of comfort and creativity, refreshing the look of any space. The cushion covers are removable for cleaning and care.

Made in Barcelona.
