

Gaulino Stool

BD Barcelona

Product Type Stool

This stool is, alongside the entire collection, a testament to Oscar Tusquets' creativity and the influence of Gaulino as a whole.

Inspired by Antonio Gaudi and Carlo Mollino, Tusquets created 'Gaulino' in 1987. It was an industrially hand-crafted chair with a contoured wooden frame, slender tapering legs and smooth rich leather. The artisanal chair became a modern icon of 20th-century design.

The stool has a concave seat, avoiding the sitter from slouching their back. Its legs are reminiscent of the Gaulino and its backless frame gives the stool a lightness in the home. It can be taken around, tucked under a table or fitted between furnishings. The seat is practical, referential and stylish. It's the Gaulino again, just in a different light.

Dimensions

cm: W50 x D50 x H47

Inches: W19,7" x D19,7" x H18,5"

Weight: 4.5kg
