Product Type

Dining Chair

Designed for the 1906-built Casa Batlló dining room, the Batlló chair is a Gaudí with sweeping curves and surprising comfort. Beyond its abstract appearance, Casa Batlló represents Saint George, the patron saint of Catalunya and his victory over the dragon. The bony chair complements the ridged roof and curving iron balconies of the building. The Batlló chair is manufactured following the method and material originally used by Gaudí, preserving the functional and sculptural aspects of the original design. It has an outstretched backrest and curved seat that provides a high level of comfort.

The Batlló is an exact reproduction of the original designed by Antoni Gaudí, and is accompanied by a certificate signed by the director of the Gaudí Cathedral.
