Product Type Bench

Aesthetic beauty fuelled by quality craftsmanship. As unique and modern as ever. The Batlló is a Gaudí.

The Batlló bench was constructed in 1906 for the urban home Casa Batlló, one of the most famous of his buildings in Barcelona. It is divided by a centred armrest which angles the two seats outwards in different directions. The convex bench is made from hand-crafted oak, arranging armrests, seatbacks, legs and seats into an outstanding and unique frame.

The Batlló is an exact reproduction of the original designed by Antoni Gaudí, and is accompanied by a certificate signed by the director of the Gaudí Cathedral.
