

Calvet Chair

BD Barcelona

Product Type Dining Chair

Gaudí designed a chair for the Casa Calvet. One that was rich in form and representative of his timeless creativity.

The Calvet chair features outstanding artisanal ornamental carving on the seatback. The chair is stunning from all angles, and the trapezoidal backrest draws the eye down to the seat with the single support of a smooth and sturdy neck. The seat connects seamlessly to the tapered legs that outstretch like grasping hands. Made up of five pieces, the Calvet chair has a sinuous and slender form, balancing the oak material and dark body with the seemingly fragile yet strong supports.

The chair is numbered and accompanied by a certificate signed by the director of the Gaudí Cathedral, certifying that it is a faithful and exact reproduction of the original designed by Antoni Gaudí.
