

Delta Pendant

Roll & Hill

Product Type Ceiling

The Delta collection is part of a series of pieces originally designed by Post Company for Inness, a Hudson Valley country resort by tastemaker Taavo Somer that takes all of its cues from the surrounding landscape. Inspired by 19th-century lanterns, the collection strips down the idea to its essence, resulting in highly simplified and elegant assemblies. The attention to detail is evident. Solid metal plates soften the light like a series of louvers and create its three-sided profile.
