

Model 262

Astep

Product Type

Wall Light

Designed in Italy in 1971 reflecting the vision and mastery of Gino Sarfatti, Model 262 as part of The Gino Sarfatti Collection. The iconic masterpiece is a tribute to modernist design expressing Sarfatti's inventive search for using light in its most honest and essential way. The idea of the lamp is simply to give stage to the light bulb. Taking the presence and shape of a mirrored bulb as a starting point, the reflector elegantly supports, enhances, and gently diffuses the light source to achieve the best quality of light.

Dimensions

□46.8cm x 16cm

□18.4 x 6.2"

Weight

1.10kg
