

Drip HW111 Table

&tradition

Product Type Dining Table

The highly versatile and contract focused Drip line welcomes yet another piece, made from aluminium, to the family. Knowing that contract clientele require their pieces to be flexible, Welling devised a table system that would adapt to different uses. Arriving as a knock-down that can be easily assembled within a few minutes, Drip's base comes in two options: black and bronzed.

Its tabletop is available in Fenix laminate, linoleum, and an oak or walnut veneer. The latest additions to the range now offer a HW61-HW64 counter and bar table in two different sizes, as well as a HW111-HW114 counter and bar table in two different sizes.

Dimensions

W 19,7" x D 55,12" x H 37,4"
