

Collect | Glass & Carafe SC60-SC63

&tradition

Product Type Glasses

Simple and decidedly modern in appearance, this glass and carafe set boast a subtle whirlpool motif that mirrors the swirling nature of water. Nodding to a common feature in Asian design, the glasses include a small lip on their edge that creates a natural place for the lip to rest. They are part of Collect, a curated line of beautifully crafted soft furnishings and home objects designed by Space Copenhagen. Both pieces are available as small or large.

SC60 - SC61: Minimum qty. 4 sets.

SC62 - SC63: Minimum qty. 2 sets.
