

Torso Low Table

Tacchini

Product Type

Low Table

The Torso side table is a celebration of material and research, seen as a philosophy and an approach to diverse forms, transforming them into functional and timeless sculptural furnishings.

In line with Roberto Sironi's approach to design, Torso is a polished aluminium side table that celebrates materiality and the quest for sculptural forms. Created from a clay model by Sironi himself, Torso is inspired by the timeless works of Constantin Brâncuși, in which abstract primary elements combine with a mirrored surface that reflects and disperses light, giving the illusion of a suspended, infinite sculpture. Torso is a limited edition of 100 pieces.

Dimensions

Ø 13,78" x H 18,11"

Ø 35cm x H 46cm
