

Cadre Stool - Counter Height

Resident

Product Type Bar Stool

Cadre Stool continues the language of the Cadre Chair with its slender, structural, and softly suspended elements. A refined aluminium frame, offered in Brushed Aluminium or Dark Bronze Powdercoat, supports an upholstered seat that floats within its geometry.

The curved shell is separated from the frame by a deliberate gap, enhancing the stool's sculptural clarity. Hidden fixings preserve the integrity of the form, while a precise rhythm emerges when stools are placed in sequence, the backs aligning in quiet cohesion. Equally suited to kitchens, bars, or informal spaces, Cadre Stool is a study in balance, built to last, and designed to sit lightly in its surroundings.
