

Shanty Cabinet

BD Barcelona

Product Type Cabinet

The Shanty Cabinet was created by designers Nipa Doshi and Jonathan Levien. They were inspired by the corrugated iron and plastic improvised structures found in shanty towns worldwide. Its feet are in matte gold and the ridged façade of the cabinet is asymmetrical, with different colour options ranging between Shanty Summer and multicoloured and Shanty Winter and grey. The Small version comes with folding doors, while the Large version has folding doors and three drawers.
