

The Laddi Surface Mount - Shade

Roll & Hill

Product Type Sconce

Like the original table lamp, this surface mount echos the one that started it all. Two distinct elements—timeless brass and luminous glass—come together in a surface mount that gracefully bridges past and present, evoking both celestial forms and organic silhouettes. A balance of stars and mushrooms, reimagined overhead.

Dimensions

Ø 20,00" x H 9,00"

Ø 50,8cm x H 23cm
