

## Stack Trays

Henry Wilson Studio

### Product Type      Object

Stack trays are sold in a set of three can be used together or individually. Group them on your desk, dining table or next to the bed. Stack trays are made, polished and finished in Sydney, Australia in solid Gunmetal Bronze.

Each casting is manufactured in small batches meaning slight variations will occur from piece to piece. Production marks may include slight pour ripples or surface pitting.

Castings will arrive with a bright finish but will oxidise and darken over time to reveal a distinctive patina. Simply use a metal polish to restore a like-new finish.

#### **MATERIALS**

Cast aluminum, cast bronze
